Dear Sister

I have had a splendid  
visit and have enjoyed  
every minute of the  
time have had a  
good many boat trips  
and seen a number  
of old historical places.

There is so much to  
be seen and so  
many places to  
visit it would take  
a month to go the  
rounds. Some of the  
places I saw lost  
you while I was  
then hope to visit  
you in the next few months  
and tell you what a  
fine time I have had.

Love to all the faculty
