Dear Lillian -

You will want to choke me for sending these letters to you but Orpah passed it on to me and I wrote a 6 page letter to Betty La Master Saunders also sent a type written copy of the La Master Genealogy but I never knew much about your brother Slater except that he had a brilliant mind also that he was a lawyer + writer and was killed in N. Y. when he was struck by a car. I also met one of his wives but I do not know who John Ernest Drinan is and I thought you might be able to help her answer this question.

I did straighten her out about Slater's parents also Aunt Ethel, sent Mae Coleman's address and told her about Zach Park's

death. Also answered her question
about Jean Bell and I sent her the
article honoring Paul at Clewson.
Sent a copy of Orem's obituary and
mentioned the names of my 3 girls.
Everyone seems to be interested in
their "Roots" this year and I am
glad we do not have to go to Africa
to get ours but it would be interesting
if some of the LaMasters could go
to France.

Mildred and Austin have spent so
much time looking after Austin's
cousin Jesse Henry they finally got her
settled in the Nursing Home at New Castle.
Nancy Dee is with me this week end
John has gone to D. C. to visit his brother.

I hope Charles & Va. have enjoyed
their stay in Fla. also hope Natalia
is O. K. Give all my Love.

I also listed names of LaMaster family
beginning with her Grandfather Will. LaMaster
who was the oldest and a Dr. in Columbia,
Please write to, Bartlett.
