Dear Mr. LaMaster:

Aug. 22. (Sat. afternoon)

I am with Dorothy now and she is sending you a telegram about Slater. The doctors say that you should be notified but they have seen cases as severe as Slater's and recovered. However there is no question but what Slater is very sick and in danger.

I saw Slater last night and he was unable to recognize Dorothy or me. I do not believe there is anything to be done that has not been done or that a visit from you would be of any assistance.

Dorothy showed me your <sup>lost</sup> letter saying the plant would close Sept. 24th. By that time we should know something and you can then decide whether you

wish to come up. They now permit visitors at any time.

Dorothy is very much worried but is trying to be brave. If you should wish to call her on the telephone her number is above.

In the next week she will be in this hotel where she can telephone the hospital at all hours of night & day.

I was sorry I was out of town when you were here as I would have liked to meet you.

Sincerely yours,

Leonard M. Gardner
